

Learning Enrichment Week Offer

Make the choice of destination for your enrichment week simple. Disneyland® Resort Paris will fulfil all the requirements you have of an enrichment experience. An ideal opportunity for students to bond in a safe environment away from home and there are several activities (apart from the major attraction of the two Disney Parks) to amuse, stimulate and challenge. We also ensure peace of mind with an independently commissioned health and safety check. We have arranged a very special offer for all schools, featuring a choice of accommodation on site.
